Department Agriculture	Policy No. AG (16)	1 of 2
Policy Title MAINTENANCE OF EXISTING LAND RECLAMATION AND DRAINAGE PROJECTS		

Council Resolution No. C/75/05	Date: February 10, 2005	Cross Reference Water Management and Erosions Program, New Policy See E(5) Obsolete	Effective February 10, 2005
--	-----------------------------------	--	---------------------------------------

Policy

Lacombe County recognizes it has an obligation to administer maintenance funds pursuant to the land reclamation and drainage project agreements established as part of the requirements under the Alberta Environment Water Management and Erosion Control Program.

Projects

The following projects will be covered by this policy:

1. Rainy Creek Water Management Project
2. Evarts West Water Management Project
3. Bradley Water management Project
4. Andrew Water Management Project

Regulation

Project Maintenance

1. When project participants determine that there is a need for maintenance, they shall contact the Manager of Agriculture Services by letter.
2. The Manager of Agriculture Services shall inspect the drainage project and review the issues outlined in the letter.
3. The Manager of Agriculture Services shall convene a meeting of the members of the respective drainage project.
4. Any decision regarding maintenance must be ratified as per the terms of the existing agreements in place.
5. Consideration to the levels of maintenance funds must also be made as per the terms of the original agreements.

Policy Title LAND RECLAMATION AND DRAINAGE	Policy No. AG (16)	Page 2 of 2
--	----------------------------------	---------------------------

6. Lacombe County may appoint the Manager of Agriculture Services to supervise maintenance activities.
7. The Lacombe County contribution to any project maintenance shall be at the discretion of Council and only considered when the maintenance is determined to improve existing Municipal Infrastructure.
