Department Public Works	Policy No. PW (7)	Page 1 of 1
Policy Title FARM MACHINERY AND ACCESS ROADS		

Council Resolution No. C/50/06	Date: January 18, 2006	Cross Reference	Effective January 18, 2006
--	----------------------------------	-----------------	--------------------------------------

POLICY

Requests for construction of a road on a road allowance that is not necessarily required in the interest of the public generally may be approved by Lacombe County on a cost-share basis.

REGULATION

Lacombe County will accept sixty (60%) percent of the cost to a maximum contribution of six thousand (\$6,000) dollars and the individual or individuals making the request to pay the remaining costs.

The standard of road to be constructed will be established by Lacombe County pursuant to Policy PW (1).

Such costs shall include the cost of any culverts, gravelling, relocation of any pipe, power or telephone lines and any other costs of the project.

The individual or individuals shall supply receipts upon completion of the work before they are reimbursed by the county.

An individual or individuals shall have no claim for refund of the cost share if at any future date the use of the road develops to the extent that it may be considered to be in the interests of the public generally.
