Dear Mayor Creasey and Reeve Law:

Thank you for your October 23, 2019 letter regarding the interchange at Queen Elizabeth II (QEII) and Highway 12. I appreciate the time you took to write.

I am pleased to hear of your positive meeting with Mr. Mike Damberger, Regional Director. It is important that Alberta Transportation supports responsible growth and development throughout the province, and I understand the importance of this planning study to the City, County, and area travelers.

The potential QEII and Highway 12 interchange planning study will be evaluated as we begin forming the next Capital Plan. In the meantime, should you have any further questions, please contact Mr. Damberger toll-free at 310-0000, then 403-340-4325, or at mike.damberger@gov.ab.ca.

Sincerely,

Ric McIver
Minister
