

## Alix Arena 5 year plan

In 2020 we will apply for the CFEP grant to hopefully cover the costs of new plexiglass in the arena as well as redoing the bleachers on the South side of the arena and adding more bleachers to the north side. We renovated the north bleacher area in 2015 with the understanding that we would eventually add more bleachers to that area.

Cost of repairs:

Plexiglass \$20,000

Bleachers \$6000

If we are successful in this grant application we would be asking for approximately \$5000 each from Lacombe County, Village of Alix, and Alix Arena Association.

In 2020 or 2021 we will apply for the FCC grant in hopes of redoing the stairs going into the storage area, as well as renovating the bathrooms to accommodate wheelchairs. The kitchen area is in need of renovations, so we will also include that in our grant application.

Cost of repairs:

Kitchen renos \$7000

Bathroom renos \$5000

Stairs \$1000

If we are successful in this grant application we would be asking for approximately \$3000 each from Lacombe County, Village of Alix, and Alix Arena Association.
