

## AGENDA ITEM

### Presentation of the 2019 Audited Financial Statements

**April 23, 2020**

---

#### **BACKGROUND**

Representatives from BDO LLP, the County's appointed external auditors, will be before Council via Zoom® to present the draft 2019 audited financial statements as well as 1) final report to Council, 2) management letter, and 3) letter of representation.

In addition to presenting the statements and answering questions from Council in open session, Council will also have the option to go in camera with the auditors to discuss any items without Administration present.

A copy of the statements and support documents is attached.

#### **ANALYSIS**

The County's 2019 financial statements reflect the position of the County as of December 31, 2019 and have been prepared in accordance with the recommendations of the CPA's Public Sector Accounting Board Handbook.

Typically, approved financial statements must be submitted to the Minister of Municipal Affairs by May 1<sup>st</sup> each year. However, due to the ongoing COVID-19 issues, the deadline has been extended to October 1<sup>st</sup>.

The auditors will provide a summary of the results included in the financial statements and in particular:

1. **Statement of Financial**, page 3. This statement shows the cumulative assets, liabilities, and surplus for the County as of December 31, 2019.
2. **Statement of Operations**, page 4. This statement shows the activities of the County for the calendar 2019 year. Activities funded through the annual operating budget are reflected in this statement.
3. **Statement of Change in Net Financial Assets**, page 5. This statement reflects the changes in liquid (financial) assets year over year and is a barometer for the County's financial health.
4. **Statement of Cash Flow**, page 6. This statement summarizes the sources and uses of cash by the County over the calendar 2019 year.

Included in the statements is also a series of notes. The notes provide further detail in support of the statements themselves. There are two notes that help the

reader reconcile the financial statements to the budget that is approved by County Council.

1. **Note 22** highlights the difference between the budget approved in May 2019 and the budget included in the financial statements. The biggest change is the inclusion of amortization of capital assets. Amortization must be reported in the financial statements as an expense but there is no requirement to include this non-cash expense in the County's budget.
2. **Note 23** reconciles the operating surplus included in page 2 of the statements with the surplus as calculated using the County's budget. The difference again is related to the reporting of amortization and other non-cash expenses in the financial statements but not included in the County's budget.

The draft statements do not include Council's input on final allocation to reserves for 2019. Administration has prepared a separate report on this matter and Council will have the opportunity to approve these final allocations.

Based on direction from Council on this matter, the statements would be amended to reflect these changes.

## **ALTERNATIVES**

1. Approved the statements as presented. This assumes that Council has no changes to the draft statements as presented.
2. Approve changes to the statements based on Council's input on final transfers to reserves

## **BUDGET IMPLICATIONS**

The 2020 Budget includes \$59,800 for audit services. The 2019 audit will be at or below budget.

## **LEGISLATIVE RESPONSIBILITIES**

- CPA's Public Sector Accounting Handbook.
- Section 276(1) of the Municipal Government Act (MGA) states that each municipality must prepare annual financial statements of the municipality for the immediately preceding year.
- Section 281(1) of the MGA states that the auditor for the municipality must report to the Council on the annual financial statements and financial information return on the municipality.

- Section 281(3) of the MGA states that the auditor must separately report to the Council any improper or unauthorized transaction or non-compliance with this (the MGA) or another enactment or a bylaw that is noted during the course of an audit.

## **PUBLIC PARTICIPATION**

Lacombe County sees the value in engaging and informing the public/stakeholders through a variety of mediums as outlined in the Policy AD(40): Public Participation Policy. The appropriate level of engagement for each public participation opportunity is selected on a project-to-project basis.

For this item, the following engagement will take place: Administration will inform the public of Council's decision through Council Highlights. In addition, the approved statements will be published on the County's website and in the County News.

## **STRATEGIC PLAN**

The following elements of the County's Strategic Plan are relevant to this issue:

Our Vision: "An attractive, balanced and progressive community".

Our Mission: "Building a safe and vibrant community through leadership, innovation and the development of healthy relationships".

Key Principles: 1) "Integrity: Honesty and Trustworthy", and 2) "Accountability and Transparent for our decisions and for our actions".

Key Success Measures – Sustainability: "Current services are maintainable and provide benefits for the future, while minimizing negative impacts on the community", "Success at working within budgets", and "Levels of our reserves – financial and physical".

## **RECOMMENDATION**

Following the meeting with BDO representatives, pass the following resolution:

*That the 2019 Audited Financial Statements be approved as amended to include the 2019 surplus allocation to reserves.*

---
