Re: Parkland Airshed Management Zone 2020 Membership

We thank Lacombe County for its continued participation in and support of the Parkland Airshed Management Zone Association (PAMZ).

In 2019, PAMZ's achievements included:

- completion of the twentieth year of operating the PAMZ Regional Air Quality Monitoring Program
- issues-based air quality monitoring in Bentley
- community-based air quality monitoring in the City of Red Deer
- participation on a Clean Air Strategic Alliance (CASA) team reviewing existing and developing new provincial ambient air quality objectives for implementation by Alberta Environment and Parks (AEP)
- collaboration with AEP and other regional stakeholders, focusing on understanding and addressing fine particulate matter (PM2.5) exceedences in the region.
- developing and implementing a plan to ensure levels of PM2.5 and other criterion pollutants do not exceed the Canadian Ambient Air Quality Standards in the future

Enclosed is Lacombe County's invoice for its 2020 PAMZ membership fee. The fee is based on a per capita calculation that is detailed on the attached page. You should be pleased that your 2020 invoice is 6% lower than 2019's due to modifications in the operation of the PAMZ Air Quality Monitoring Program.

Again thanks for your continued support!

Regards,

Kevin Warren
Executive Director, PAMZ
