Mr. Stephenson inquired when taxation occurs on a business on an acreage or in a subdivision.	Mr. Timmons advise this inquiry has been made to the County assessor and he has addressed the issue.		
Mrs. Knight inquired as to the appeal by Silver Mountain Cannabis to the SDAB.	Mr. Timmons advised that the SDAB granted the appeal and approved the application.		
Mrs. Knight inquired if discretionary use applications should be pre-circulated prior to approval. A recent approval by the MPC has neighbors who are in opposition of the venue but were not aware of the application. Perhaps pre-conversations with neighbors would be of value. Mrs. Knight commented that the applicant could be required to contact neighbors.	Mr. Timmons advised that if applications are controversial letters are sent, if not then letters are not sent. Mr. Timmons advised that people do have the right to appeal approvals. Mr. Timmons advised that this matter will be included on a future Committee of the Whole for discussion.		
Mrs. Knight commented that currently her area is being assessed by the County. As part of this process a questionnaire has been sent out to landowners that requests various information about properties.	Mr. Timmons advised that the questionnaire is sent out as people do not want County assessors on their property so therefore the County relies on self reporting. If the questionnaires are not filled out then the County must access their property for assessment purposes. Ms. Knight will contact Mr. Riep for an overview of the questionnaire.
