Dear Mr. Timmons:

**Re: Sylvan Lake Regional Wastewater Commission  
2022 Proposed Budget**

Please find enclosed the proposed 2022 operating budget for the Sylvan Lake Regional Water/Wastewater Commission. The budget is based on expected wastewater volumes as well as current borrowing and operating cost projections. Final amounts will be confirmed with the approval of the budget.

Based on these projections, the proposed wastewater rate for Lacombe County is expected to be \$3.08 per cubic metre effective January 1, 2022. In addition, the County's debt servicing obligation is expected to be \$16,534.

In accordance with the bylaws of the Commission, the budget is being circulated to all member municipalities for comment. Please forward comments to me no later than December 1, 2021.

The Commission will consider these comments at their December 13, 2021 Board Meeting.

Sincerely,

Keith Boras
