### RE: School Resource Officers

Dear Reeve Shepherd,

I am writing on behalf of the Wolf Creek Public Schools Board of Trustees. We would like to thank our municipal partners for their support and collaboration with the schools in their communities. The support provided for School Resource Officers is fundamental.

Our School Resource Officers are an integral part of the overall support we provide to students within the school division, and we do not receive designated funding for this support. The SRO's serve as liaisons between the schools and our communities, and mutually benefit both. The SRO's provide both proactive support and mentoring for our students, as well as assist in difficult circumstances when needed.

Our Board is reaching out to municipalities to request ongoing support for School Resource Officers in our schools.

Lacombe County's contribution helps to fund this resource/program at our Alix Bentley, Clive and Eckville Schools.

As we begin our budgeting process and planning, we hope you will see the merit in maintaining this valuable resource.

I look forward to your response, if you require any additional information, please feel free to contact us.

Sincerely,

Luci Henry  
Board Chair
