Hi, my name I brad buchanan. I realized my property tax is way over due and I'm sorry. I've been meaning to pay it this past month but I injured my neck and now off work and forgot about this reminder letter you sent me. I was hopping to pay the total owing \$1,589.98 off today, which includes 6 percent late payment but realized there will be an extra 10 percent charge. I was wondering if you can please waive this extra charge. I will never miss my payment again.
