

LAPA - Joint Council Presentation

Phase 1 of Expansion – The Field House

Completed building and walk-way in
between

Added Bathroom Space – Additional stalls and sinks

Two Large Additional Dressing Rooms –
with space for team storage and
bathrooms

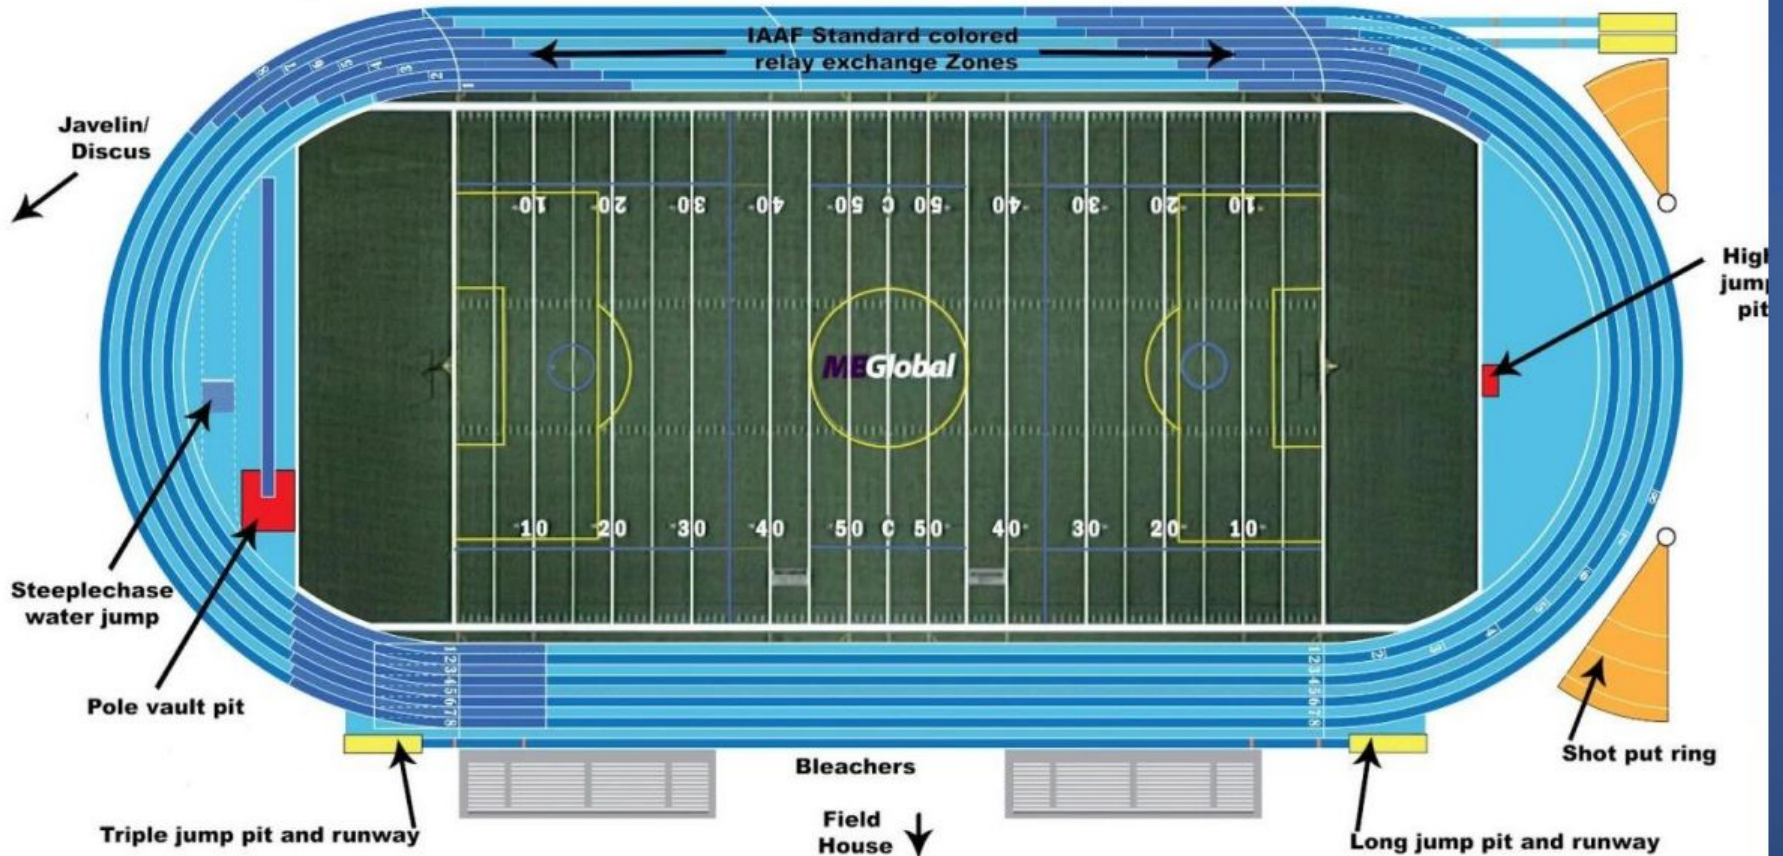

MEGlobal Athletic Park

- The athletic park is a \$6.5 million recreational asset for the community (\$4.5 million for initial field and field house + \$2 million for field house expansion). The recent \$2 million expansion was done without public funds. The park has got it right in finding corporate and private sponsors.
- LAPA's mandate is to offer the park to the community at cost to encourage use and to minimize cost to Central Alberta teams. The City of Lacombe and Lacombe County contribute less than half of the operating costs, for which we are grateful. The park is of great value to the community without being a large cost to the community, both capital (or construction) costs and operating costs.
- The park is used by 30+ organizations, not just the high school. It is fully booked.

Where Are We Going Next?
Phase 2 of Expansion – The
Track and Field Facility

Proposed Track for MEGlobal Park with Key Features

Who will BENEFIT from the Track and Field Facility

- Schools within Lacombe and Lacombe County will be able to book and use the track without cost.
- It will provide a safe surface for community use and exercise
- Athletics Alberta is extremely excited about the future development of the facility and has promised to host provincial championships at Lacombe
