

Good morning Tim,

As per our conversation this morning, I would like to attend Thursday's County Counsel meeting.

I ask for the Lacombe County's support in my quest to continue at Lacombe County tax rates on the NE 36-39-27W4 that was annexed into the town of Blackfalds in 2008. After a 15 year grandfathering clause regarding tax rates, that time is nearly up, yet we continue to use the land for agricultural purposes only and receive no direct benefit from the town of Blackfalds. I feel that the land in question should remain at Lacombe County tax rates as long as the land is used strictly for agricultural purposes.

Thanks very much for your time this morning and putting forward this issue on Thursday's agenda. I look forward to hearing from you or Laverne to confirm what time you would like me to attend.

Much appreciated,
Gord Graves
