

## BYLAW NO. 1241/17

A BYLAW OF LACOMBE COUNTY, IN THE PROVINCE OF ALBERTA, RESPECTING WORKS IN ROADS.

THIS BYLAW SHALL BE REFERRED TO AS THE WORKS IN ROADS BYLAW.

WHEREAS the *Municipal Government Act RSA, 2000, Chapter M-26* grant a municipality the direction, control and management of all roads within the municipality.

NOW THEREFORE, the COUNCIL of Lacombe County in the Province of Alberta, duly assembled, enacts as follows:

### 1. APPLICATION

- (a) This Bylaw shall apply to all roads under the direction, control and management of Lacombe County.
- (b) Any Utility that has an existing Road License Agreement and/or Consent and Access Agreement with Lacombe County prior to the passing of this Bylaw shall be exempt from this Bylaw until such time as the Road License Agreement and/or Consent and Access Agreement is no longer in effect.

### 2. DEFINITIONS

In this Bylaw:

- (a) "Applicant" means any person who makes an application for, and obtains, any permit under the provisions of this Bylaw;
- (b) "Construct" includes the installation, alteration, or removal of any facility;
- (c) "Contractor" includes any person who, for another person, carries out work or supplies labour for the alteration, construction, demolition, excavation, or development of land or a structure;
- (d) "Council" means the Council of Lacombe County;
- (e) "Commissioner" means the County Commissioner of Lacombe County and includes a person acting under the supervision and direction of the Commissioner;
- (f) "Facility" means any pole, pole lines (including braces and anchors), aerial cables, manholes, conduits, underground cables, pipes for the carriage of gas or liquids, and associated apparatus for the provision of utility services, including amplifiers, connection panels, transformers, valves and other fittings or equipment, but shall not include any service connection between private property and any main, wire, cable, conduit, duct or pipe in or upon any road;
- (g) "Municipal infrastructure" includes infrastructure that supports the provision of municipal services and without restricting the generality of the foregoing includes public trees, street lighting, traffic lights, traffic signs and other municipal signs;
- (h) "Municipal street furniture" includes banners, flower pots and other decorations owned by the County;
- (i) "County" means Lacombe County;
- (j) "Owner" includes
  - i. a part owner, joint owner, tenant in common or joint tenant of the whole or any part of land or a building, and

- ii. in the absence of proof to the contrary, the person or persons assessed for the property;
- (k) "Person" means a natural person, corporation, partnership, an association, society, firm, agent, trustee, or registered Canadian charitable organization;
- (l) "Public tree" means a tree where the majority of the trunk is located within a road or on County property;
- (m) "Road" means land
  - i. shown as a road on a plan of survey that has been filed or registered in a land titles office, or
  - ii. used as a public road, and includes all streets, lanes, sidewalks, thoroughfares, bridges, curbs, gutters, culverts and retaining walls in connection therewith, any structure incidental to a road and without restricting the generality of the foregoing includes the full right of way width;
- (n) "Roadway" means the road structure including the traveled portion designated for vehicular and pedestrian traffic and the shoulder slopes of the roadway;
- (o) "Sidewalk" means that portion of a roadway between the curb line and adjacent property line or any part of a road especially set aside for pedestrian travel and separated from the roadway;
- (p) "Utility" means a system or works used to provide one or more of the following for public consumption, benefit, convenience or use:
  - (i) water or steam
  - (ii) sewage disposal
  - (iii) irrigation
  - (iv) drainage
  - (v) fuel
  - (vi) electric power
  - (vii) fiber optics
  - (viii) communications
  - (ix) heat

and includes the thing that is provided for public consumption, benefit, convenience or use.

## **PART I**

### **MASTER ROAD ACCESS AGREEMENT**

#### **3. APPLICATION**

This Part shall apply to any Utility constructing a facility in or upon any road with the exception of:

- (a) Pipelines that have a pressure that exceeds 700 kPa (100 psi).
- (b) Electrical transmission lines that have a capacity of exceeding 25,000 volts.

#### **4. MASTER ROAD ACCESS AGREEMENT REQUIRED**

- (a) No Utility shall construct a facility within or on a road without first entering into a Master Road Access Agreement in a form prescribed by the County.

## 5. MASTER ROAD ACCESS AGREEMENT CONDITIONS

Every Master Road Agreement shall be subject to the following conditions:

- (a) The Facility must be installed on the same side of the road for the entire length of the project, except when absolutely necessary to change to the other side, and such change may be made only by the written permission of the Commissioner;
- (b) The Facility and related equipment must not be deposited on any road more than three days in advance of their erection or installation;
- (c) Two lines of poles or two lines of a similar utility shall not normally be erected on the same road. In unique or special circumstances the Commissioner may grant approval for two lines of a similar utility to be installed on the same road.
- (d) Except where necessary to cross a road no utility shall be located within the roadway or sidewalk portion of the road;
- (e) Electrical and communication poles shall be located 0.60 meters from the boundary of the road unless otherwise specifically permitted by the Commissioner;
- (f) Underground facilities shall be constructed no less than 1.2 meters below ditch bottom;
- (g)
  - (i) the Utility shall provide and maintain public liability insurance, in the amount specified in Schedule "A", which names the County as an additional insured party, such insurance shall indemnify the County and its employees against any and all claims made as a result of the presence, operation and maintenance in the street of the facility and shall further agree to reimburse the County for any damages caused to the County or its property as a result thereof, except to the extent such loss or damage is caused by the County; or
  - (ii) where the Utility can satisfy the County that it is financially capable of responding to a claim without the benefit of insurance, the utility need not provide proof of insurance as set out in clause (i) but shall save the County and its employees harmless in the event of any claim made as a result of the presence, operation and maintenance in the street of the facility and shall further agree to reimburse the County for any damages caused to the County or its property as a result thereof, except to the extent such loss or damage is caused by the County.

## 6. REMOVAL OF UTILITY INFRASTRUCTURE

- (a) Any facility including but not limited to, broken and dead wires, poles, pipelines and fixtures not actually in use must be removed by the Utility unless permitted to remain by the Commissioner.
- (b) Any Utility facility not actually in use and left on or within the road more than three days may be removed by the Commissioner at the expense of the owner, after three days' notice to remove same.
- (c) When a utility pole is taken down it must be removed the same day.

## 7. CHANGE OF LOCATION

Where in the opinion of the Commissioner the location of any facility interferes with any works or undertakings of the County, the facility shall be changed or altered and, whenever necessary removed; whenever the Commissioner orders such changes of location or removal, it shall be done by the Utility without unnecessary delay and at its expense, If the works is not removed within 10 days of being requested the Commissioner may undertake the changes or removal at the expense of the Utility.

8. ROADWAY AND SERVICES PERMIT

In addition to entering into a Master Road Access Agreement as herein required, every Utility which opens or works on any Roadway as part of the construction of a facility, shall first obtain a Roadway and Services Permit in accordance with Part III and shall otherwise comply with the provisions of Part III hereof.

9. USE BY MUNICIPALITY

- (a) Every Utility owning poles shall allow the County free of charge, the use of a portion of each pole for the purpose of erecting and maintaining thereon municipal infrastructure or municipal street furniture owned by the Municipality, and appurtenances thereto advance notification of which will be provided to the Utility; and the County indemnifies and saves the Utility harmless in the event of any claim made as a result of the presence, operation and maintenance on poles of the Utility of such County infrastructure or County street furniture, except to the extent that such loss or damage is caused by the Utility or by a party or parties other than the County;
- (b) Where the Utility wishes to remove a pole which is being used to support municipal infrastructure, the County shall have the option of requiring the pole to remain, and upon removal of the utility's facilities from the pole, ownership of and responsibility for the pole shall be transferred to the County.

10. RECORDS

When required by the Commissioner, every Utility that has a facility in a Road shall file in the office of the Commissioner such records of the facilities owned by it as the Commissioner requires.

11. PUBLIC TREES

- (a) Except in the event of an emergency, no Utility shall disturb a public tree by pruning or other means without first obtaining permission therefore from the Commissioner.
- (b) In constructing any facility, a Utility shall minimize any disturbance to a public tree.
- (c) Where it is necessary for a Utility to alter a public tree, the Commissioner may assign an inspector to supervise the work, the cost of which shall be borne by the Utility.
- (d) The Commissioner may require that the Utility do such things as are necessary to ensure the health and safety of public trees affected by any works carried out by the utility, even where not required by the Utility's own standards.
- (e) Where a Utility disturbs a tree by pruning or other means, the Utility shall use sound arboricultural practices as determined by the Commissioner.

12. REMOVAL OF UNAUTHORIZED FACILITIES

Every Utility constructing a facility in or upon a roadway shall comply with this Bylaw; and in the event of failure to do so within the time specified by the Commissioner, the Commissioner may require the removal of the facility.

## **PART II**

### **SITE SPECIFIC ROAD ACCESS AGREEMENT**

#### **13. APPLICATION**

This Part shall apply to any Utility constructing a facility in or upon any road that pertains to:

- (a) Pipelines have a pressure that exceeds 700 kPa (100 psi).
- (b) Electrical transmission lines have a capacity of exceeding 25,000 volts.

#### **14. SITE SPECIFIC ROAD ACCESS AGREEMENT REQUIRED**

- (a) No Utility shall construct a facility within or on a road without first entering into a Site Specific Road Access Agreement in a form prescribed by the County.

#### **15. SITE SPECIFIC ROAD ACCESS AGREEMENT CONDITIONS**

Every Site Specific Road Agreement shall be subject to the following conditions:

- (a) Any pipeline or electrical transmission line approved under Part II must also be approved by any provincial or federal agency that has jurisdiction over the installation of such facilities and the utility must adhere to all conditions and requirements of the approval from the provincial or federal agency having jurisdiction.
- (b) The Facility must be installed on the same side of the road for the entire length of the project, except when absolutely necessary to change to the other side, and such change may be made only by the written permission of the Commissioner;
- (c) The Facility and related equipment must not be deposited on any road more than three days in advance of their erection or installation;
- (d) Two lines of poles or two lines of a similar utility shall not normally be erected on the same road. In unique or special circumstances the Commissioner may grant approval for two lines of a similar utility to be installed on the same road.
- (e) Except where necessary to cross a road no utility shall be located within the roadway or sidewalk portion of the road;
- (f) Electrical and communication poles shall be located .60 meters from the boundary of the road unless otherwise specifically permitted by the Commissioner;
- (g) Underground facilities shall be constructed no less than 1.2 meters below ditch bottom;
- (h)
  - (i) the Utility shall provide and maintain public liability insurance, in the amount specified in Schedule "A", which names the County as an additional insured party, such insurance shall indemnify the County and its employees against any and all claims made as a result of the presence, operation and maintenance in the street of the facility and shall further agree to reimburse the County for any damages caused to the County or its property as a result thereof, except to the extent such loss or damage is caused by the County; or
  - (ii) where the Utility can satisfy the County that it is financially capable of responding to a claim without the benefit of insurance, the utility need not provide proof of insurance as set out in clause (i) but shall save the County and its employees harmless in the event of any claim made as a result of the presence, operation and maintenance in the street of the facility and shall further agree to reimburse the County for any damages caused to the County or its property as a result thereof, except to the extent such loss or damage is caused by the County.

16. REMOVAL OF UTILITY INFRASTRUCTURE

- (a) Any facility including but not limited to, broken and dead wires, poles, pipelines and fixtures not actually in use must be removed by the Utility unless permitted to remain by the Commissioner.
- (b) Any Utility facility not actually in use and left on or within the road more than three days may be removed by the Commissioner at the expense of the owner, after three days' notice to remove same.
- (c) When a utility pole is taken down it must be removed the same day.

17. CHANGE OF LOCATION

Where in the opinion of the Commissioner the location of any facility interferes with any works or undertakings of the County, the facility shall be changed or altered and, whenever necessary removed; whenever the Commissioner orders such changes of location or removal, it shall be done by the Utility without unnecessary delay and at its expense, If the works is not removed within 10 days of being requested the Commissioner may undertake the changes or removal at the expense of the Utility.

18. ROADWAY AND SERVICES PERMIT

In addition to entering into a Site Specific Road Access Agreement as herein required, every Utility which opens or works on any Roadway as part of the construction of a facility, shall first obtain a Roadway and Services Permit in accordance with Part III and shall otherwise comply with the provisions of Part III hereof.

19. USE BY MUNICIPALITY

- (a) Every Utility owning poles shall allow the County free of charge, the use of a portion of each pole for the purpose of erecting and maintaining thereon municipal infrastructure or municipal street furniture owned by the Municipality, and appurtenances thereto advance notification of which will be provided to the Utility; and the County indemnifies and saves the Utility harmless in the event of any claim made as a result of the presence, operation and maintenance on poles of the Utility of such County infrastructure or County street furniture, except to the extent that such loss or damage is caused by the Utility or by a party or parties other than the County;
- (b) Where the Utility wishes to remove a pole which is being used to support municipal infrastructure, the County shall have the option of requiring the pole to remain, and upon removal of the utility's facilities from the pole, ownership of and responsibility for the pole shall be transferred to the County.

20. RECORDS

When required by the Commissioner, every Utility that has a facility in a Road shall file in the office of the Commissioner such records of the facilities owned by it as the Commissioner requires.

21. PUBLIC TREES

- (a) Except in the event of an emergency, no Utility shall disturb a public tree by pruning or other means without first obtaining permission therefore from the Commissioner.
- (b) In constructing any facility, a Utility shall minimize any disturbance to a public tree.
- (c) Where it is necessary for a Utility to alter a public tree, the Commissioner may assign an inspector to supervise the work, the cost of which shall be borne by the Utility.

- (d) The Commissioner may require that the Utility do such things as are necessary to ensure the health and safety of public trees affected by any works carried out by the utility, even where not required by the Utility's own standards.
- (e) Where a Utility disturbs a tree by pruning or other means, the Utility shall use sound arboricultural practices as determined by the Commissioner.

## 22. REMOVAL OF UNAUTHORIZED FACILITIES

Every Utility constructing a facility in or upon a roadway shall comply with this Bylaw; and in the event of failure to do so within the time specified by the Commissioner, the Commissioner may require the removal of the facility.

### **PART III**

#### **ROADWAY & SERVICES PERMIT**

## 23. APPLICATION

This Part shall apply to any Person or Utility constructing, excavating or facilitating any works in or upon any roadway.

## 24. PERMIT REQUIRED

(a) No Person or Utility shall:

1. make any excavation in a roadway;
2. install or repair any facility on a roadway;
3. make use of the roadway, or any portion thereof, for any activity other than pedestrian passage or normal passage of a motor vehicle;
4. make use of a roadway for a use regulated under this or any other bylaw of Lacombe County; without first obtaining a Roadway and Services Permit from the Commissioner.

(b) Every Roadway and Services permit application shall include the appropriate application fee, dependent upon the type of activity to be undertaken, as specified in Schedule "A".

(c) Where the activity is in association with a construction, demolition or restoration project on property abutting a road, the Roadway and Services Permit shall include the name of the contractor engaged in work in the right-of-way, if different from the applicant.

## 25. PERFORMANCE SECURITY

(a) Where there is an excavation within the roadway, the application shall include:

- (i) a security deposit as specified in Schedule "A", and
- (ii) for excavations within pavement areas, a non-refundable pavement impact fee as specified in Schedule "A", and
- (iii) for excavations outside the paved portion of the roadway, a non-refundable maintenance fee as specified in Schedule "A".

(b) The security deposit shall be retained as a guarantee that the applicant or contractor will properly perform and complete the work for which the permit is granted, and restore and keep the surface of the roadway when such work is done, to a good condition and to the satisfaction of the Commissioner, for a period of twenty-four months after the works are accepted by the County.

(c) If the Commissioner is of the opinion that the work is not being properly

performed, or the surface of the roadway is not kept in good condition, the Commissioner may, with notice, perform such work in respect of the work or roadway as the Commissioner considers necessary and the cost shall be deducted from the deposit, and the balance, if any, returned upon the expiry of the twenty-four month period referred to in subsection 16(b). If the cost of such work exceeds the deposit, the balance may be recovered from the applicant by action.

## 26. ANNUAL PERMITS

- (a) The Commissioner may grant a periodic or annual Roadway and Services Permit to a Utility or Person for the purpose of service emergencies and routine maintenance including pavement patching related thereto which require excavation in roadways, subject to such conditions as the Commissioner may determine, and, without restricting the generality of the foregoing, any such Roadway and Services Permit shall require that the Commissioner be informed of the location, contractor and time of such work prior to its commencement and that the contractor provide liability insurance in accordance with subclause 19 (h). Applications for annual Roadway and Services permits shall include the appropriate application fee and security deposit in the amounts specified in Schedule "A".
- (b) The unused portion of the annual permit security deposit shall be returnable, upon the Commissioner being satisfied that the provisions of this Bylaw have been adhered to, on expiration of a Roadway and Services Permit.
- (c) Every Utility or Person shall file in the office of the Commissioner a notice of completion of work for all facilities constructed or repaired within a Roadway within one week of the completion of the work.
- (d) Every Utility shall be responsible to keep records and inform the Commissioner of excavations made in the Roadway portion of the Road by the Utility for any works undertaken pursuant to the issuance of an annual Roadway and Services Permit and shall pay the Pavement Impact and Maintenance fees specified in Schedule "A".
- (e) All work carried out under an annual Roadway and Services permit is subject to inspection by the County and said inspection is subject to an inspection fee as set out in Schedule "A".

## 27. CLOSING OF OPENINGS

- (a) Every excavation in a Roadway shall, after notice, either written or verbal, given by the Commissioner to the applicant, contractor or abutter, be closed and filled as required by the notice, and if not so closed and filled within 48 hours after such notice, then it may be closed and filled by the Commissioner at the expense of the applicant, contractor or abutter.
- (b) In the event of an emergency arising at the location of the excavation, the Commissioner may immediately fill the excavation and recover the costs thereof from the applicant, contractor or the abutter.

## 28. PROTECTION OF EXCAVATIONS AT NIGHT

Every person obtaining a permit to make any excavation or opening in or near any roadway shall at night sufficiently and continuously light the same and shall in addition, enclose and secure the same by a fence or barrier at least three feet in height, and sufficient to protect the public from injury in accordance with the provisions of any applicable regulations enacted pursuant to the Occupational Health & Safety Act.

## 29. PERMIT CONDITIONS

In addition to any other conditions imposed by the Commissioner for the granting of a street and services permit, all permits shall be subject to the following conditions:

- (a) The Commissioner may stipulate the hours of work;
- (b) The applicant or contractor shall keep the work site at all times safe with respect to vehicular and pedestrian traffic, including direction of traffic, barricades, lights, signs, and supply of properly equipped and trained Traffic Control personnel for protection of traffic, in accordance with the Temporary Workplace Control Manual in force pursuant to the Occupational Health and Safety Act;
- (c) Notice being given to the Commissioner prior to the installation of temporary steel plates over openings;
- (d) The Commissioner may order additional precautions, work stoppages and restorations of the street should circumstances warrant such action; upon the failure of the applicant or contractor to comply within 24 hours with such order or in the event of an emergency, the Commissioner may undertake any necessary action and recover the cost of such action from the applicant or contractor;
- (e) The applicant or contractor shall ensure that the roadway is kept free from nuisance, dirt, and dust;
- (f) The applicant or contractor shall dispose, store, or haul away any clean material suitable for use as structural fill excavated from a roadway in accordance with the directions of the Commissioner and the material shall remain County property;
- (g) The applicant or contractor shall ensure that all excavations are backfilled and restored in such manner and with such material as is approved by the Commissioner and that advance notice of a minimum of 24 hours of the backfilling operation shall be provided to the Commissioner so that it may be properly inspected;
- (h) The applicant or contractor shall provide and maintain public liability insurance in an amount as outlined in Schedule "A", such insurance shall indemnify the County and its employees from any and all claims made as a result of the excavation, and the County shall be named as an additional insured;
- (i) Where the applicant is a Utility and can satisfy the County that it is financially capable of responding to a claim in the amount set out in Schedule "A" without the benefit of insurance, the utility need not provide proof of insurance as set out in clause (h) but shall save the County and its employees harmless in the event any claim is made as a result of the excavation;
- (j) The permit shall be valid for a period of six months from date of issuance, but where work has commenced the permit shall expire 12 months after the date of issuance;
- (k) Unless otherwise authorized by the Commissioner, pavement cuts shall not be permitted for two calendar years on roadways which have been resurfaced, reconstructed or have received a pavement treatment;
- (l) Any other condition in respect of safety that the Commissioner may impose; and
- (m) The Commissioner may require the completion of a Construction Management Plan and a Traffic Accommodation Strategy.

30. EMERGENCIES

In the event of an emergency requiring the immediate excavation of the roadway, the Commissioner may give verbal permission for such excavation on the condition that a Roadway and Services Permit is applied for and obtained on the first working day subsequent to the granting of such permission.

31. OBSTRUCTIONS

- (a) No person shall obstruct any roadway without first obtaining a Roadway & Services permit from the Commissioner.
- (b) Where an obstruction may cause damage to the Roadway, the Commissioner may require a security deposit in the amount specified in Schedule "A", such deposit to be held until the Commissioner is satisfied that no damage has occurred to the Roadway after the obstruction has been removed.
- (c) The Commissioner may permit any person to use any portion of a Roadway for construction or other temporary purpose subject to any conditions that he may reasonably impose.
- (d) The Commissioner may refuse to issue a Roadway & Services permit when it is in the public interest to do so.

**PART IV**

**GENERAL PROVISIONS**

32. REVOCAION OF PERMITS

The Commissioner may cancel, revoke or suspend any permit where there is a violation of this bylaw, any order made pursuant to this Bylaw and any condition of any permit issued under the authority of this Bylaw.

33. DIRT AND OTHER NUISANCES

No person shall place, permit to be placed, or permit to escape from an abutting property dirt, dust, or other nuisance onto the Roadway surface.

34. PENALTY

- (a) Any person who contravenes any provision of this Bylaw is guilty of an offence and is liable on summary conviction to a penalty of not less than one thousand dollars (\$1000) and not more than ten thousand (\$10,000) dollars and in default of payment to imprisonment for not more than one year or both.
- (b) A Peace Officer is hereby authorized to issue Violation Tickets pursuant to the Provincial Offences Procedure Act to any person who the Peace Officer reasonably believes has committed an offence pursuant to this Bylaw.
- (c) Upon summary of conviction, a person who contravened any provision of this Bylaw, is guilty of an offence and liable to pay a fine as follows:
  - (i) For a first offence to a fine of \$ 1,000; or
  - (ii) For a second or subsequent offence, to a fine of not less than \$ 2,000.
- (d) A Peace Officer is hereby authorized to issue Municipal Violation Tags to any person who the Peace Officer reasonably believes has committed an offence pursuant to this Bylaw.

- (e) Where a Municipal Violation Tag is issued pursuant to this Bylaw, the person to whom the Municipal Violation Tag is issued may, in lieu of being prosecuted for the offence pay to the County, within the time specified, the voluntary payment specified in the Municipal Violation Tag as follows:
  - (i) For a first offence – a voluntary payment of \$ 500; or
  - (ii) For a second or subsequent offence – a voluntary payment of \$ 1,000.
- (f) When a Municipal Violation Tag has been issued pursuant to this Bylaw and the penalty specified therefore has not been paid within the prescribed time, a Peace Officer may issue a Violation Ticket pursuant to the Provincial Offences Procedure Act to any person who the Peace Officer reasonably believes has committed an offence pursuant to this Bylaw. However, nothing in this Bylaw shall prevent a Peace Officer from immediately issuing a Violation Ticket pursuant to the Provincial Offence Procedure Act. There is no requirement that a Municipal Violation Tag be issued prior to the issuance of a Violation Ticket.
- (g) Each occurrence of a contravention of this Bylaw, or in the case of continuous contraventions, each day a contravention occurs or continues, constitutes a separate offence and may be punished separately.

35. EFFECTIVE DATE

This Bylaw will come into force and effect on the final day of passing and signature thereof.

Received first reading on the 11th day of May, 2017

Received second reading on the 6<sup>th</sup> day of July, 2017

Received third reading and finally passed on the 6<sup>th</sup> day of July, 2017
