

Request for 'No Spray' Areas

Lacombe County recognizes that some landowners/tenants are not in favor of having County-owned roadside ditches adjacent to their property treated with herbicides for weed control. To accommodate these landowners /tenants, Lacombe County will, at the request of landowners/tenants, allow the option of carrying out vegetation control on County right-of-way adjacent to their property subject to the following conditions.

1. Landowner/tenant will complete a 'No Spray' request form and submit it to the Manager of Agriculture and Environmental Services prior to **April 30** of that year. The request is for a three-year term.
2. Landowner/tenant will control all restricted and noxious weeds as designated under the Weed Control Act before July 15 or as deemed necessary by the Manager of Agriculture and Environmental Services for all years affected by the agreement.
3. The County will control, by any means necessary, all noxious or restricted weeds not controlled by July 15.
4. All agreements will be automatically terminated should control of noxious and restricted weeds not be carried out as stated in condition 2, and future agreements will be at the discretion of the Manager of Agriculture and Environmental Services.
5. The County reserves the right to cancel any agreements and implement any control deemed necessary at any time.

The County will, to the best of their ability, avoid applying herbicides to any land that has a current 'No Spray' request in place provided that all the above conditions are met to the satisfaction of the Manager of Agriculture and Environmental Services.

I _____
of _____
Name _____
Address _____

have read the conditions stated above and agree to abide by them on the following properties:

Dated _____

Expires _____

Landowner/Tenant _____

Lacombe County _____
