CURRENT OCCUPATION

Farmer

RELEVANT EXPERIENCE

Previously, I managed several Good Year stores and supervised 10+ stores.

Following my career in industry, I went into farming and raised livestock for over 20 years. I have been working on a potato seed farm for the last 25 years in Lacombe County Division 5.

REASON FOR RUNNING

My reason for running for Lacombe County Council is my desire to give back to my community. I have the time, willingness and enthusiasm to devote to the matters that most concern the community.

I believe that listening to the voices of the community are paramount to ensure that issues like safety for our children and the growth of our community are only two of many concerns that I believe need to be addressed.
